ORGANIC WEAKNESS

ORGANIC WEAKNESS
Immediately cured and full vigor restored.

This distressing affection, which renders life miscrable and marriage impossible, is the penalty paid by the viotina, of improper indulgences. Young persons are too apt to commit excesses from not being aware of the dreadful consequences that may ensue. Now, who that understands the subject will pretend to deny that the power of procreation is lost sooner by those failing into improper habits than by the prudent! Bestides being deprived of the pleasure of healthy offspring, the most serious and destructive symptoms of both body and mind srise. The system becomes deranged, the Physical and Mental Functions Weakened, Loss of Procreative Power, Nervous Irritability, Dyspepsia, Palpitation of the Heart, Indigestion, Constitutional Debility, and Washing of the France, Cough, Consumption, Decay and Death.
